**CONSERVATION OF  
ECOSYSTEM SERVICES  
THROUGH WASTE  
MANAGEMENT  
IN HOVSGOL NATIONAL  
PARK IN NORTHERN  
MONGOLIA PROJECT**

ENVIRONMENTAL AND WASTE MANAGEMENT  
TRAINING

**WASTE SEPERATION SYSTEM**

ROUND TABLE AND NATIONAL CONFERENCE

ABUNDANT WASTE

BIO DEGREDABLE BAG

CONTEST AND COMPETITION

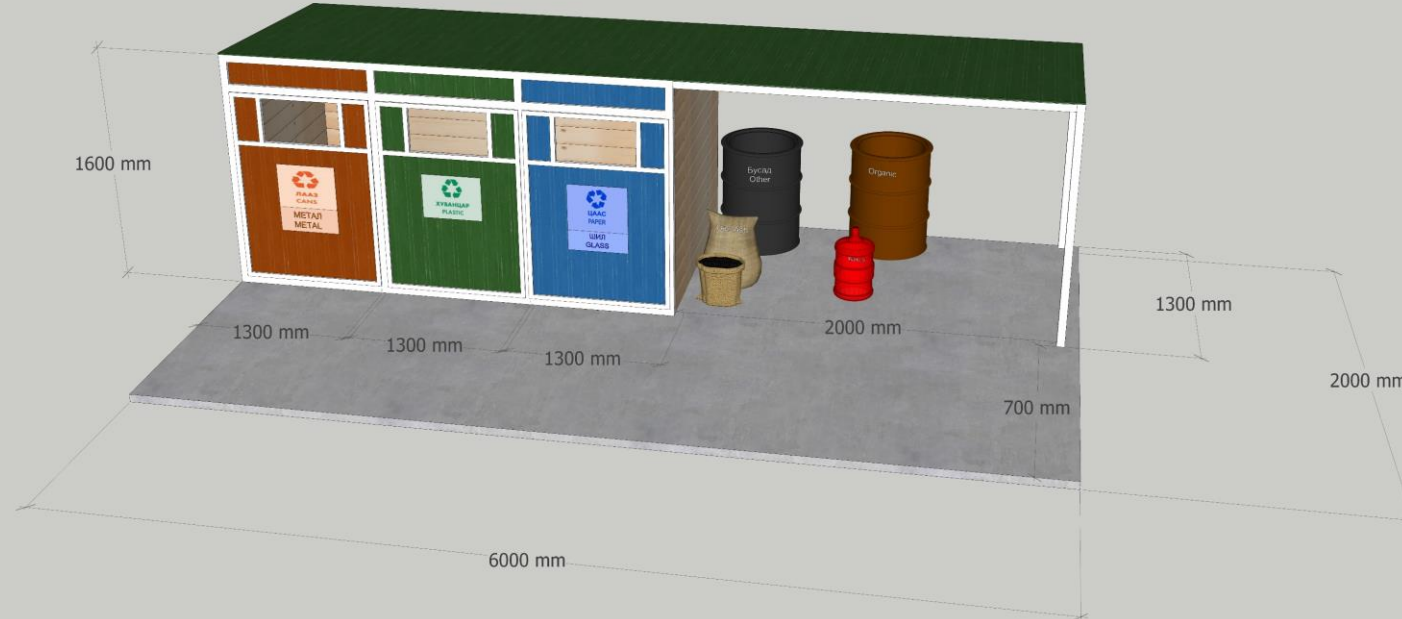

ALONG THE WEST SHORE OF HOVSGOL LAKE OVER 50 KMS, THERE ARE 164 CAMPS FROM 3 STARS TO HOSTELS. PROJECT TO ESTABLISH PROPER GARBAGE SEPARATION SYSTEM AT 50 SELECTED CAMPS AT THE END OF THE PROJECT, USING LOCAL AFFORDABLE MATERIALS WHICH CAN BE MAINTENED BY TOURIST CAMPS IN LONG TERM.

The terms and conditions of the selection of tourist camps were introduced at the discussion. Please send your camp information to **info@ecodevshilt.org**

**These including:**

1. Meet the general requirements of the Mongolian standard MS6043: 2019 for the operation of resorts and tourist camps.
2. Be trained in waste management organized by ecoDevelopment NGO.
3. Solid waste is classified according to the training provided
4. Regularly support and follow the activities of ecoDevshilt's progress through your organization's social media (Website, Facebook, Instagram).
5. Introduce the information of ecoDevshilt NGO to the tourists staying in the tourist camp. Also, place boards and manuals prepared by the NGO in the tourist camp.
6. Delivery of dry waste only for a fee according to the truck schedule and fee of ecoDevshilt NGO
7. Have eco-sanitary facilities.
8. Each tourist camp should regularly clean up unoccupied waste within 100 meters of its own land
9. According to Appendix 2 of Resolution No. 16 dated January 25, 2017 of Alag-Erdene Sum, the hotel and guesthouse will charge 500 MNT per bed/month.

The containers and hazardous waste collection containers under the shed are provided by the tourist camps themselves. ED will supply the cement and the tourist camps will pour it themselves.

## PILOT PICTURE OF WASTE SEPERATION SYSTEM

The main body is wooden, the door and roof are metal. The rooms are separated by wood.

№	MATERIALS	PIECES, MV2
